This semester we will begin the class in-person and after Thanksgiving we will conclude the course online. At anytime we might have to switch to an online only course, so it is important to keep that in mind and prepare for any circumstances.

COURSE DESCRIPTION & OBJECTIVES
This course is an introduction to sculpture concepts and vocabulary through a wide variety of equipment, materials and techniques in the creation of artworks. The course primarily covers welding and woodworking and incorporation of others materials. There are no predetermined solutions to the projects so it is up to you to bring originality, meaning and content to the work.

Throughout the course students should be able to; demonstrate knowledge of names of equipment covered, proper equipment procedures, create sculptures using various techniques and processes, be able to articulately explain the concepts & choices related to their artwork during critique, evaluate and offer criticism of the artwork of other students during critique, document ideas and sketches of their work in a sketchbook and properly document artwork digitally. Because of the pandemic some of these criteria could be altered to adjust to any situation that might occur.

GRADING
Each project must be completed on time. Critiques begin promptly at the beginning of class. Your work will be assessed the day of the critique. If the work is unfinished, you must present it as it is and it will be graded at that point. All students are required to keep a sketchbook that should contain research notes and sources, project ideas, drawings, observations, printouts, etc. Your sketchbook should be with you at every class. The letter grade I give will be based on:

- creativity - openness to experimentation with materials and thought processes
- concept - the context and content of your work developed from research
- craftsmanship - attention to details, consistency and structural integrity
- execution - coming to class prepared to work and at least 3 hours a week outside of class
- presentation - how the work is presented for the critique and what you have to say about it
- documentation - image quality and ability to follow documentation guidelines

Your final grade will be an average of all projects, class participation, verbal participation during the critiques, attendance, studio activity and your sketchbook information.

DOCUMENTATION OF WORK
- Images must accurately represent the size, shape and color of the artwork.
- Images must be in focus.
- Videos may be uploaded depending on the type work, but must accurately and professionally represent the work.
- Label copy information about the work must be properly submitted.

ATTENDANCE
You are expected to be on time ready to work when class begins. You are allowed 3 excused absences. More than 3 excused absences will lower your final grade by a full letter grade. You must be present during all critiques and demonstrations. If you are late 3 times it will count as a complete absence.

STUDIO ACTIVITY
Each student is responsible to come to class ready to work. Individual work areas and shop cleaning is mandatory in order to keep a safe and positive working environment. If you are unsure about the operation of any equipment ask an instructor or a studio monitor for retraining.

OTHER UD/ART INFORMATION

Attending Visiting Artists, Critics, and Curators Lectures and Gallery Exhibits: Art Majors are expected to attend all Visiting Artist Lectures in the Department of Art & Design during the semester. In addition, students are expected to see all the art exhibitions in the department’s galleries.

Field Trips: Academic field trips are an important—and enjoyable—element of education. They often significantly enhance the content of a course by providing a type of information hard to convey in the classroom. Site visits to museums, galleries, contemporary art centers, design studios, and advertising agencies help to contextualize and enhance understandings of contemporary and historical practice. Students are strongly encouraged to attend.

Documentation of Art & Design Projects from ALL CORE classes for CORE REVIEW: It is essential that you document all of your work from all of your CORE classes. You will need high quality (clear, color-balanced, high resolution) images of your art and design assignments for the required CORE Review. It is highly recommended that, in addition to storage on your computer, that you store these images on a back-up drive and in some form of cloud storage. The submission of images of your work from your CORE classes is a requirement of CORE Review, which is a requirement to advance in the department to complete your BA or BFA degree. It is also an important professional practice. NOTE: Required for all CORE classes.

Harassment and Discrimination: The University of Delaware works to promote an academic and work environment that is free from all forms of discrimination, including harassment. As a member of the community, your rights, resource and responsibilities are reflected in the non-discrimination and sexual misconduct policies. Please familiarize yourself with these policies at www.udel.edu/oei. You can report any concerns to the University’s Office of Equity & Inclusion, at 305 Hullihen Hall, (302) 831-8063 or you can report anonymously through UD Police (302) 831-2222 or the EthicsPoint Compliance Hotline at www1.udel.edu/compliance. You can also report any violation of UD policy on harassment, discrimination, or abuse of any person at this site: sites.udel.edu/sexualmisconduct/how-to-report/

Faculty Statement on Disclosures of Instances of Sexual Misconduct: If, at any time during this course, I happen to be made aware that a student may have been the victim of sexual misconduct (including sexual harassment, sexual violence, domestic/dating violence, or stalking), I am obligated to inform the university’s Title IX Coordinator. The university needs to know information about such incidents in order to offer resources to victims and to ensure a safe campus environment for everyone. The Title IX Coordinator will decide if the incident should be examined further. If such a situation is disclosed to me in class, in a paper assignment, or in office hours, I promise to protect your privacy—I will not disclose the incident to anyone but the Title IX Coordinator. For more information on Sexual Misconduct policies, where to get help, and how to reporting information, please refer to www.udel.edu/sexualmisconduct.
