This class will be in person except for our group critiques, which will be conducted online unless we can figure out an alternative approach. At anytime we might have to switch to an online only course, so it is important to keep that in mind and prepare for any circumstances.

**COURSE DESCRIPTION & OBJECTIVES**

Given the opportunity of artistic freedom of choice, where do you begin? This experience provides you the opportunity to explore many different approaches and materials to making sculpture based on your own thoughts and artistic ideals. Issues of how to incorporate concept with image and what role materials and proximity play in your process of making art will be emphasized. With this freedom comes responsibility and it is up to you to make sure you are prepared for class.

Students will produce and submit a proposal for each artwork created, develop artwork from individual goals and interest, demonstrate development of concepts and workmanship, articulate the concepts & choices related to their artwork during the critique and offer criticism of the artwork of other students during the critique. Students will properly digitally document their artwork utilizing online structure that best illustrates the work produced.

**GRADING**

Each project must be completed on time. Critiques begin promptly at the beginning of class. Your work will be assessed the day of the critique. If the work is unfinished, you must present it as it is and it will be graded at that point. All students are required to keep a sketchbook that should contain research notes and research sources, project ideas, drawings, observations, etc. Your sketchbook should be with you at every class so we can discuss your problems from a visual base.

The letter grade I give will be based on:

- creativity - openness to experimentation with materials and thought processes
- concept - the content and context of your work
- craftsmanship - attention to details, consistency and structural integrity
- execution - coming to class prepared to work and at least 4 hours a week outside of class
- presentation - how the work is presented for the critique and what you have to say about it
- documentation – image quality and ability to follow documentation guidelines

Your final grade will be an average of all artwork, class participation, verbal participation during the critiques, attendance and your sketchbook information. You are expected to spend a considerable amount of time working outside of class if want to make excellent art.

**ATTENDANCE**

You are expected to be on time, ready to work when class meets. You are allowed 3 excused absences for this semester. More than 3 excused absences will lower your final grade by a half a letter grade for each day missed. Your sketchbook should be with you at every class. You must be present during all critiques, demonstrations and presentations.

**STUDIO ACTIVITY**

Each student is responsible to come to class ready to work on his/her own project. Individual work areas and shop cleaning is mandatory in order to keep a safe and positive working environment. If you are unsure about the operation of equipment contact me, a sculpture major or sculpture graduate before using it.
PERSONAL SAFETY

Eye protection must be worn when working in the shops at all times. Leather boots and natural fiber pants or one-piece coverall are required for the metal shop work area. Do not wear frayed clothing in metal shop (the sparks will ignite your frayed clothing). Avoid loose clothing. Open toed shoes are not allowed in all shops. Long hair must be tied back when using all equipment. Wear ear protection using equipment.

Because of the health crisis you will not be able to share certain items this semester. In addition to the items above you will need leather gloves, a long sleeve natural fabric shirt or coverall and head covering like a cap or bandana.

OTHER UD/ART INFORMATION
Attending Visiting Artists, Critics, and Curators Lectures and Gallery Exhibits: Art Majors are expected to attend all Visiting Artist Lectures in the Department of Art & Design during the semester. In addition, students are expected to see all the art exhibitions in the department’s galleries.

Field Trips: Academic field trips are an important—and enjoyable—element of education. They often significantly enhance the content of a course by providing a type of information hard to convey in the classroom. Site visits to museums, galleries, contemporary art centers, design studios, and advertising agencies help to contextualize and enhance understandings of contemporary and historical practice. Students are strongly encouraged to attend.

Documentation of Art & Design Projects from ALL CORE classes for CORE REVIEW: It is essential that you document all of your work from all of your CORE classes. You will need high quality (clear, color-balanced, high resolution) images of your art and design assignments for the required CORE Review. It is highly recommended that, in addition to storage on your computer, that you store these images on a back-up drive and in some form of cloud storage. The submission of images of your work from your CORE classes is a requirement of CORE Review, which is a requirement to advance in the department to complete your BA or BFA degree. It is also an important professional practice. NOTE: Required for all CORE classes.

Harassment and Discrimination: The University of Delaware works to promote an academic and work environment that is free from all forms of discrimination, including harassment. As a member of the community, your rights, resource and responsibilities are reflected in the non-discrimination and sexual misconduct policies. You can report any concerns to the University’s Office of Equity & Inclusion, at 305 Hullihen Hall, (302) 831-8063 or you can report anonymously through UD Police (302) 831-2222 or the EthicsPoint Compliance Hotline at www1.udel.edu/compliance. You can also report any violation of UD policy on harassment, discrimination, or abuse of any person at this site: sites.udel.edu/sexualmisconduct/how-to-report/
Faculty Statement on Disclosures of Instances of Sexual Misconduct: If, at any time during this course, I happen to be made aware that a student may have been the victim of sexual misconduct (including sexual harassment, sexual violence, domestic/dating violence, or stalking), I am obligated to inform the university’s Title IX Coordinator. The university needs to know information about such incidents in order to offer resources to victims and to ensure a safe campus environment for everyone. The Title IX Coordinator will decide if the incident should be examined further. If such a situation is disclosed to me in class, in a paper assignment, or in office hours, I promise to protect your privacy—I will not disclose the incident to anyone but the Title IX Coordinator. For more information on Sexual Misconduct policies, where to get help, and how to reporting information, please refer to www.udel.edu/sexualmisconduct.
